Here are our current rates.

- All Domestic Calling (Collect, PrePaid, Debit) is charged at $0.045 per Minute
- Calls terminating into Canada (PrePaid, Debit) are rated at $0.20 per Minute
- Calls terminating to Caribbean (PrePaid, Debit) are rated at $0.30 per Minute

Thank you for the inquiry. It reminded us that we had not published the rates on our website

Subject: Telephone call rates

Hello –

My name is Iris Wagner and I am writing to you from the Human Rights Defense Center, publisher of Prison Legal News. We are updating our website (prisonphonejustice.org) and I am in search of the current telephone call rates from New Hampshire DOC. On the nh.gov website, it lists the rates, however there are connection fees listed, which were outlawed by the FCC in March 2016. Could you please inform me of the updated/current rates, or direct me to something that could?

Thanks for your consideration.

Iris
