VAC will pay Space Provider compensation for Inmate Telephone Service based upon 55% commission rate for all correctional facilities served by premise-based or off premise based communication systems on revenue for completed local, intraLATA and interLATA collect, debit, prepaid and or advance pay calls as billed by VAC's underlying telecommunications providers, exclusive of calls where no billing and collection agreements exist.

The Utah Department of Corrections halfway houses that do not have premise based communications systems and have coin payphone systems in place will receive a 45% commission rate for all completed local, intraLata and interLATA calls.

VAC will provide Electronic Message Exchange (EME) if requested to the State of Utah along with the printer, associated DSL connection and all maintenance at no cost to the State. The State will be responsible for paper. VAC will perform all necessary training upon installation and perform periodic refresher training for State staff.

The cost per message will be set at \$0.50. The State will be paid a commission of 20% or \$0.10 per message. This \$0.10 per message applies to both incoming and outgoing correspondence. The commission will be paid monthly by VAC to the State.
