## **Independent Accountants' Report On Applying Agreed-Upon Procedures**

To the Management of Securus Technologies, Inc.,  
And the Finance and Accounting Director of the Florida  
Department of Corrections:

We have performed the procedures enumerated in Exhibit I for the six months ended June 30, 2010, which were agreed to by the management of Securus Technologies, Inc. (Securus) and the Florida Department of Corrections (FDOC), solely to assist you in evaluating the Securus contract with the FDOC. Such contract requires that Securus maintain verification of inmate telephone system reliability for accurately and completely recording all calls made as defined by the contract. Securus's management is responsible for complying with the FDOC contract. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures enumerated in Exhibit I either for the purpose for which the report has been requested or for any other purpose.

A listing of the procedures performed, summary of the results of the procedures performed, and a listing of the calls placed are outlined in Exhibits I-III.

We were not engaged to, and did not perform an examination, the objective of which would be the expression of an opinion on the procedures described in Exhibits I-III. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified users listed above, and is not intended to be and should not be used by anyone other than these specified parties.

**Exhibit I**  
**Agreed-Upon Procedures, Continued**  
**For the Six Months Ended June 30, 2010**

1. Reviewed the contract to obtain an understanding of the relevant requirements. Noted the call rates and surcharges are outlined specifically in the Securus Technologies Inc. contract with FDOC (continued):

*International Calls:*

Surcharge and rates per minute for international calls, both collect and prepaid, shall not exceed the maximum rate allowed by the appropriate regulatory authority during the time the call is placed.

2. Obtained an understanding of Securus Technologies, Inc.'s policies and procedures with respect to accumulating and reporting calls, determining call duration, pricing calls in accordance with applicable regulations or tariffs, preparing invoices to customers and reporting activity to the Florida Department of Corrections (FDOC).
3. Selected 6 facilities where detailed testing was performed. The selection was coordinated through FDOC, and the test sites selected were not known to Securus Technologies. The facilities selected are as follows:

**Lake Correctional Institution ("Lake CI")**

19225 U.S. Highway 27  
Clermont, FL 34715

**Sumter Correctional Institution ("Sumter CI")**

9544 County Road 476B  
Bushnell, FL 33513

**Central Florida Reception Center ("Central Florida RC")**

7000 H C Kelley Rd.  
Orlando, FL 32831

**Orlando Work Release Center ("Orlando WRC")**

7300 Laurel Hill Rd.  
Orlando, FL 32818

**Tomoka Correctional Institution ("Tomoka CI")**

3950 Tiger Bay Road  
Daytona Beach, FL 32124

**Brevard Correctional Institution ("Brevard CI")**

855 Camp Rd.  
Cocoa, FL 32927

4. At each facility selected in accordance with step 3 above, to obtain a 95% confidence level in the results of the agreed-upon procedures, a selection between 8 and 27 payphones were made at random from the various phones maintained for inmate use. A series of local, interstate and inter-lata calls were then placed from each phone and logged as to the type of call, date, time and duration of the call. A total of 157 calls were placed from the selected payphones. See Exhibit III for a summary of calls placed at each facility.

**Exhibit I**  
**Agreed-Upon Procedures, Continued**  
**For the Six Months Ended June 30, 2010**

5. Recalculated the pricing of the test call based on relevant contracted rates.
6. Compared the information gathered in step 4 and 5 above to the data reported on the Securus Technologies billing worksheet to determine the information is in agreement.
7. Determined whether calls tested were completely and accurately recorded, in accordance with the definitions provided in the FDOC contract, on the call detail reports provided by Securus.

A test call was considered “Accurate” if the call record in the Securus call detail report contained the time, date, destination phone number, and the approximated number of minutes from the information collected in the call testing procedures. Similarly, a call was considered “Complete” if it was included in the call detail report provided by Securus, even if it was uncollectible.
