Ms. Evans,

The DOC has no further documents of record as there are no payments received by the Department of Correction from the telephone service provider.

Hi Mr. Martin,

Thank you very much for sending this link. One element of our request that is not addressed by the documents accessible via the link you provided is commission payment data. Specifically, we are looking for the following:

Documents detailing all payments received by Delaware DOC from any telephone service provider, or on behalf of any telephone service provider, from January 1, 2013 to present.

Please let me know when you will be able to provide this information.

Best,
Kyla Evans
