FCC Inmate Rate Order 13-113.docx; 09409042 AGREEMENT FULLY EXECUTED 8.26.10.pdf;

Terrence:

I think the below email string answers your question. The new rates went into effect by operation of law as set forth below. We contemplated the need for an amendment to the agreement, but it does not believe it every finalized.

Jeff

Please see emails below and attached letter. This will most likely require an amendment to the attached agreement between Securus and BSO. See pricing on page 10.

**Importance:** High

All,

I've been sending out updates to all of you on this over the last few months, but I wanted to remind you that the new Interstate inmate call rates go into effect on 2/11. Please review the information below and attached from our corporate counsel. The FCC order does supersede any existing contract wording and the changes will be going into effect on the 11<sup>th</sup> regardless. There was a letter that was sent out to all customers but I wanted to get this to you so you can inform inmates if needed. Again, this applies only to Interstate calls.

As per our Corporate Counsel:

The FCC's order applies by operation of law. Securus is likely to be subject to FCC fines, and to contempt of a federal court's order, in the event we fail to implement rate caps and stop commissions on interstate calls on February 11.

The FCC order is attached.

Interstate Rates will be:

\$.025 cents per minute for collect calls and \$0.21 per minute for prepaid card or debit calls. No commissions will be paid on Interstate calls after the 11<sup>th</sup> as per the order.

No other rates will change and Securus will be happy to discuss option on way to recoup any lost revenues from the implementation of FCC order. (adding debit calling, AIS, raising local rates, implementing Securus Instant Pay, or any other call activities that can improve call volume.

In the interim, we will spend over \$1 Million dollars in legal fees to fight this for our facility customers. We will spend another \$1 Million+ dollars in internal costs of changing our billing system, discussing with facility customers, and training our Account Managers. Securus will spend another \$500,000+ dollars per year in FCC filings to justify our rates. .

Thank you.
