Thanks. The information provided is from the current contract with GTL.

Local calls - \$2.95

Intra - \$2.25 + \$0.30/min.

Inter - \$1.50 + \$0.25/min.

Hope this helps.

Please see the attached chart. It is still a work in progress, and not for dissemination until after May 1, 2011.

If you could fact check the other info we currently have for Indiana, that would be beneficial, too (the chart data is as of 2008).

Absolutely. We are conducting a survey of prison phone rates among the 50 states, including rate structures for collect local, intrastate and interstate calls, and compiling this data into a comparison table.

We currently do not have rate information for 4 states, including Indiana. I would be glad to provide you with a copy of our comparison data, of course, which will be useful in contrasting various phone rates in different prison systems.

Subject: Follow-up re phone rate question

Dear Mr. Garner,

Thank you for speaking with me. To recap, I am seeking the rate information for phone calls made by prisoners using the IDOC's inmate phone system (which I believe is contracted through Global Tel Link). Specially, I am seeking the phone rates for local, intrastate and interstate calls -- collect calls only, including both connection charges and per-minute rates, if applicable.

Many thanks for your assistance in this regard;
