

Mike here is the commission information you requested.

You should note that the WDOC does not get 100% of the commissions noted. WDOC contracts with Praeses, LLC (an inmate phone system management company) who receives a percentage of the commissions received from any WDOC contracted inmate phone vendor(s).

When your project is finalized, please submit a copy to the Wyoming Department of Corrections - to my attention. My boss would like to read it.

If you have any further questions, please contact me.
